No. 1307

In Re: Yaz/Yazmin/Ocella Litigation-ORDER

**CASE MANAGEMENT ORDER NO. 1(b)**  
**(Preliminary Objections to Master Long Form Complaint)**

This Case Management Order amends *Case Management Order No. 1* (CMO-1), section IV(a) entered September 16, 2009 which addresses the filing of Plaintiffs' *Master Long Form Complaint* and Defendants' *Preliminary Objections* to that Complaint.

Plaintiffs filed their *Master Long Form Complaint* on September 30, 2009. On December 4, 2009, the served Bayer Defendants timely filed their *Master Preliminary Objections to the General Master Long Form Complaint* ("*Master Preliminary Objections*").

The *Master Long Form Complaint* now has been translated and is in the process of being served upon the Bayer German Defendants. Plaintiffs intend to amend the *Master Long Form Complaint* to add additional Defendants who allegedly distributed Ocella®, the generic form of Yaz®/Yasmin®.

To eliminate duplication of effort so that the Court can consider at one time all Defendants' *Master Preliminary Objections*, **IT IS**, on this 6<sup>th</sup> day of Jan, 2010, upon stipulation and consent of the Parties, hereby **ORDERED** as follows:

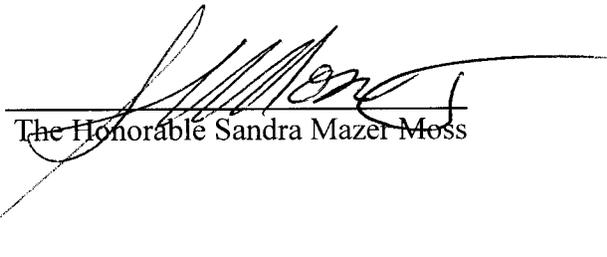

1. Bayer's *Master Preliminary Objections* filed on September 30, 2009 are dismissed

*without* prejudice.

2. Defendants shall answer or file *Preliminary Objections* within 60 days after Plaintiffs have filed the *Amended Master Complaint* and properly served the German Bayer Defendants with the *Master Long Form Complaint* on September 30, 2009.

3. All other provisions of CMO-1 remain unchanged and shall remain in effect.

**IT IS SO ORDERED, BY THE COURT**

The Honorable Sandra Mazer Moss
